

Two named to Bethesda Foundation board

12/03/11 at 2:08pm • Written by I gibbs • [Comments](#) • [Recommend](#)

Rachid Abdallah and **William Graf** have been named to the board of trustees of Bethesda Foundation Inc. As the fundraising arm for Bethesda North Hospital, Hospice of Cincinnati and Fernside, Bethesda Foundation cultivates philanthropic support for projects, services and technologies that change and save lives.

William R. Graf, partner at Graf & Stiebel, has been practicing law for 35 years, specializing in trusts and estates. Graf's family has strong ties to health care and to Bethesda. His great-grandfather was one of the first obstetrics specialists in Cincinnati. His grandfather, a family doctor, and uncle, a gynecologist, were on staff at Bethesda Oak Hospital. Graf's father was an obstetrician/gynecologist who directed the Bethesda OB/GYN residency program and later was director of Medical Education at Bethesda.
